Following the roll call, an EC, AEC, DEC or SEC will take over the net and direct resources to their assigned locations. They may also request some stations on the net to telephone other stations for additional resources are needed.

Take directions from here on out from the EC or AEC. Most likely the EC or AEC will handle things from here. If they request you to resume control of the net, they will provide instructions. Some things you may need to do is continue handling the net as needed after mobilization and perform any specific tasks that are needed by the requesting agency. Always handle all incoming or outgoing EMERGENCY or PRIORITY traffic on an as-needed immediate basis.)

(every 5 minutes identify the net, ask for Emergency or Priority traffic and direct traffic as it is listed).
